# ABOUT PAULINE TESLER

Pauline is a co-founder of the International Academy of Collaborative Professionals and was its first President; a co-founder and editor of its journal, the Collaborative Review; and a pioneering trainer, speaker and writer who has introduced Collaborative Law, Collaborative Divorce, and integrative law to lawyers and their colleagues in more than a dozen nations.

She received the first Lawyer as Problem Solver Award from the American Bar Association nearly twenty years ago, in acknowledgment of her pioneering accomplishments as a leader of the collaborative movement, as well as many awards subsequently.

Now, as founding director of the nonprofit Integrative Law Institute at Commonwealth, Pauline is extending the boundaries of how we understand our work as facilitators of resolution when important relationships encounter conflicts beyond the parties' ability to resolve on their own.
